

WELCOME

To The King's Daughters
Is Spoken by Mrs.
B. M. East

Convention is Attended by
150 Delegates

DISTINGUISHED WOMEN HERE

States of Mississippi, West Virginia
and Indiana Represented in
the Newark Meeting.

The King's Daughters and Sons, 150 strong, in their thirteenth annual convention now in progress at the Fifth street Baptist church, have been having unusually busy sessions. A number of very distinguished speakers and officers of the organization are appearing on the interesting programs. Aside from being a state convention the states of Mississippi, West Virginia and Indiana are being represented. Miss Rose Ferrington, state secretary for Indiana, having arrived late Tuesday and will address the convention.

Tuesday evening's program which was a very interesting one, was largely attended by non-members of the society from the city beside the large number of delegates. The devotional service, by the Rev. T. A. Groves of the Second Presbyterian church, was followed by the very interesting and instructive stereopticon lecture by Mrs. Don Willison of Columbus. Excellent music was furnished by a quartet composed of Misses Mabel Phillips, Elsie Hirschberg, Messrs. Ernest Vall and Merle Marshall. Miss Florence Fulton sang

very sweetly the solo, "What Have You Done For Jesus?" The quartet numbers were Barcarolle (Fr. Abt), The Vision (J. Nentwich). Following the program proper a reception was held for the general public at which time many Newark ladies were introduced to the state and national officers of the society.

Wednesday morning the Rev. J. C. Schindel opened the service. Wednesday being All Souls' day appropriate scripture was read, the epistle being found in the Philippians, and the gospel of St. Mark.

The address of welcome, delivered by Mrs. B. M. East on behalf of the local branches of the order, was as follows:

"The King's Daughters and Sons of Newark welcome you to their city and homes. We have swept the hearths and left out the latch strings. On all sides can be seen the purple and the silver cross.

"Our merchants, who are ever our best friends, have joined with us in displaying the emblems of our order. For weeks we have been planning for and thinking of the pleasure that was in store for us.

"When the invitation was first extended to you to meet with us this fall, it was remarked that we would be the most greatly blessed as every King's Daughter and Son from each of our home circles would be enabled to attend the meetings, whereas, if the convention had been held in some other city, only one or two of our members from each circle could have been present.

"Bound together as we are, all doing 'In His Name,' we are in reality one family with Christ our Elder Brother and God our Father. Just as, at Thanksgiving and Christmas, (Continued on Page 3, 3d Col.)

CAVALRY TROOPS MOVING TOWARD THE UTE INDIANS

THOUSAND SOLDIERS TO ROUND
UP ABOUT ONE HUNDRED
REDSKINS

FEW COWBOYS COULD DO IT

Little Danger That Utes Will be
Joined by Cheyennes as They
Are Unfriendly.

Cheyenne, Wyo., Oct. 31.—Six troops of cavalry are moving toward the Ute Indians on Powder river to round them up. There is no official information of any depredation whatever. Not to exceed 100 able bodied Indians are in the band. The Cheyenne Indians hate the Utes as much as they do the whites and there is practically no chance of the Cheyennes joining the Utes. The movement of nearly 1000 soldiers to round up 100 Indians is regarded as ridiculous in military circles. The situation was misrepresented. The Indians will be rounded up without firing a shot in all probability. A report from the scene states that 25 mounted cowboy policemen could capture the whole outfit.

PRINCESS TO RETURN TO LEAVE HUSBAND

Stockholm, Sweden, Oct. 31.—Utterly disgusted with the boorishness of her husband, Prince Gustavus Adolphus, son of Crown Prince Gustavus, Princess Margaret of Connaught, niece of King Edward, is threatening to return to London to live with her parents and so far every influence brought to bear has proved insufficient. The couple were married in June, 1905. They have a son. Her sixteen months existence as a wife of a Swedish prince has thoroughly convinced Margaret that her marriage was a great mistake. Incompatibility of temper is responsible for the troubles of the couple.

OLD BONES FOUND

Geologists Unearth Jawbones of Two
Tapiirs Supposed to be 25000
Years Old.

El Paso, Tex., Oct. 31.—Geologists unearthed jawbones of two tapiirs, supposed to have existed here 25,000 years ago, and an elephant's tooth from an animal which probably lived 12,000 years ago. The discovery of the bones proves, the geologists say, that this great desert region was once a jungle. Tapiirs live on roots along river banks and elephants would not have been here unless it was marshy.

DEATH PENALTY IS TO BE ABOLISHED

Paris, Oct. 31.—Capital punishment is doomed in France. There will be no more executions for crime. At a meeting of the cabinet it was decided that the death penalty should be abolished and a law to this effect will be enacted shortly.

FLAMES LEAPED 30 FEET ABOVE BROKEN GAS LINE

PIPE WAS CRUSHED BY HEAVY
TRACTION ENGINE NEAR
ALEXANDRIA

BLAZE SEEN 20 MILES AWAY

Gas Ignited from Fire in Engine But
Arthur Foster and Horses Es-
caped Injury.

The Ohio Fuel company of Columbus sustained a serious accident on Tuesday night in the breaking of the eight inch pipe of main line near Alexandria, this county, which badly crippled the service for several hours. Arthur Foster, who had been working his traction engine in a field about one mile east of Alexandria, had taken the machine out of the field and was starting home about 7 o'clock, when the engine ran over the pipe, crushing it and causing hundreds of thousands of feet of gas to escape with a roar that could be heard for miles. The fire in the traction engine immediately set fire to the gas, the flames leaping to a height of at least 30 feet and lighting up all the surrounding country, the reflection of which was plainly seen in Newark, as it was for twenty miles in every direction. Fortunately Mr. Foster and his team of horses escaped injury. Workmen were rushed to the scene of the accident, but it was several hours before the break was repaired.

RAILROAD MEN TO STAND TOGETHER

For Readjustment of Wage Schedules
and Hours of Labor—East
Joins the West.

New York, Oct. 31.—Organized railroad men of the trunk lines in the east within the last few days joined hands with workmen on western roads for a readjustment of wage schedules and hours of labor. Some of the demands, it is said, have been presented to eastern roads, and well informed railroad men are of the opinion that demands for an increase in wages or a readjustment of the schedules of hours of labor will be presented to every important road on the eastern seaboard before the end of the week. Railroad officials express the opinion that matters will be adjusted satisfactorily. It is a matter, they say, that comes up for settlement yearly, and there is no reason to believe there will be anything but a peaceful outcome.

INDEPENDENTS

Get Into Chicago and Another Big
Phone War Will Take
Place Soon.

Chicago, Oct. 31.—Official notice that the Independent Telephone interests have leased the telephone franchise of the Illinois Tunnel company, thereby securing an entrance into Chicago, was given to the city by the general counsel of the independent interests. This official notification marks the beginning of the telephone warfare between the Chicago Telephone Telephone company, which has been threatened so long. It is the intention of the independent company to invest between \$15,000,000 and \$20,000,000 in developing the automatic plant.

MRS. EDDY AND WOMAN WHO DENIES BEING HER SUBSTITUTE.

MRS. MARY
BAKER G. EDDY.

Concord, N. H., Oct. 31.—Eleven newspaper correspondents were admitted to Mrs. Mary Baker G. Eddy's home yesterday afternoon and through one spokesman addressed three questions to Mrs. Eddy. To the first: "Mrs. Eddy are you in perfect bodily health?" came the reply: "Yes, I am well." To the second: "Have you any other physician than God?" Mrs. Eddy answered: "No, I have no other physician than God. I am in the supporting arms of the ever living God." To the third query: "Mrs. Eddy, do you drive yourself every day in your carriage?" she answered: "Yes, Yes," and was then hurried to her carriage before further interrogatories could be put.

Mrs. Eddy spoke with a weak voice and was all but borne away by her attendants. An unusual color shone in her faded cheeks and her interviewers believed in her an emaciated tottering woman who had to cling to the door jam to keep herself in an upright position. To the minds of the correspondents it was a spectacle of a feeble, senile woman being shown off for a purpose and it looked to them as if her feeble strength was being overtaxed, brief though her appearance before them was.

Edward N. Pearson, secretary of state of New Hampshire, made the following statement in regard to Mrs. Eddy:

"I was present by invitation at Pleasant View October 30 with the representatives of 11 newspapers. I stood near Rev. Mary Baker Eddy whom I have known personally for some 15 years. I distinctly heard her answer to the questions asked of her. I saw her leave the room in which the interview was given and walk to the door of her carriage and I saw the carriage driven to toward the city. Mrs. Eddy's voice was clear and strong and every appearance was that of a woman in full possession of her faculties.

MILLIONS WANTED FOR PANAMA CANAL

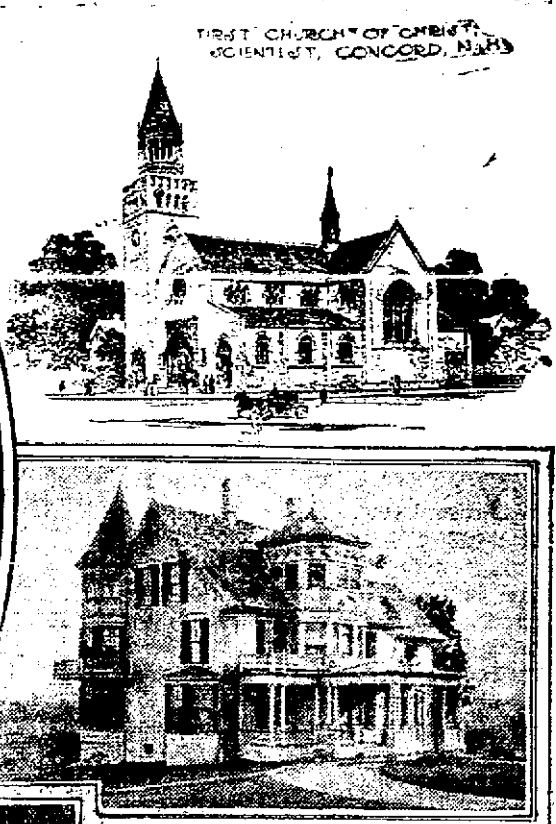

Washington, Oct. 31.—The isthmian canal commission ordered an appropriation of \$23,496,258.75 to continue the work on the Panama canal during the fiscal year ending June 30, 1908. The estimates calling for this amount or money were made public by the commission. The amount appropriated for the canal work for the fiscal year which will end June 30, 1907, was \$23,456,415.08.

"THE GLANSMAN"

Presented in Southern Town Results
in Organization—Kludv and
Colored Whitecaps.

Brookhaven, Miss., Oct. 31.—As a result of the production of "The Glansman" in this city last week and threats circulated by whites that a Ku-Klux-Klan was being organized to drive negroes from the community, the blacks have formed themselves into a band of whitecaps and already have started a series of demonstrations on the whites. News from Bear Creek in Lincoln county, is that Bud Godbold, a young white farmer, was fired upon by negro whitecaps while riding through a lonely stretch of woods. His horse was killed. The story circulated that whites would form a Ku-Klux-Klan was done as a joke, it is asserted, but the blacks took the jokers at their word. The excitement here is intense.

Mrs. John Buner, 25, of Miami, Ok., while walking on the track was

MRS. PAMELLA J. LEONARD.

Concord, N. H., Oct. 31.—Newspapers in various sections of the country have stated many times that Mrs. Mary Baker G. Eddy was either dead or dying and that other women had impersonated her at a distance before the public. Each publication has been followed by the investigation of other papers, and in every case newspaper men have left here convinced that Mrs. Eddy is very much alive.

Much interest was aroused this week by the publication in the New York World of a categorical story that Mrs. Eddy is dying from cancer, that a specialist in that disease is in frequent attendance from Boston, and that Mrs. Eddy, unable to leave her room, is impersonated almost daily during her drives by Mrs. Pamela J. Leonard of Brooklyn.

There are hundreds of prominent residents here who have known Mrs. Eddy for many years, who see her frequently, and who are willing to take oath to the fact that it is she and no other who drives daily through the principal streets of this city.

Mr. Henry C. Wilson made public this letter from Mrs. Pamela J. Leonard:

"Henry C. Wilson, Esq.: Dear Sir—Please deny the statement that I am

impersonating in any way Mrs. Mary Baker Eddy in her carriage drives or anywhere else. I have never even stepped inside of Mrs. Eddy's carriage.

"Mrs. Pamela J. Leonard."

"My address is No. 256 Clinton avenue, Brooklyn, N. Y."

Calvin A. Fane, who acts as footman for Mrs. E., made a statement denying the report that Mrs. Eddy is ill, and also declaring that he in no way influences her affairs.

Lewis Strong, another employee in the Eddy house, also denies the story, and says that since March last Mrs. Eddy has missed but one day driving.

General Frank D. Streeter, Republican National committeeman in New Hampshire, and Mayor Charles R. Corning talked with Mrs. Eddy for an hour. After the interview General Streeter made this statement:

"I have been counsel for Mrs. Eddy at various times during the last twelve or fifteen years and have known her well. I think the last time I saw her at her home before today was in June of last year, but I have frequently met her while driving, down to a few days ago, always receiving a cordial bow of recognition.

"My attention was called to the story of the report of Mrs. Eddy's illness, and I was advised by friends to call upon her and be able to speak definitely with reference to her health.

The charge that Mrs. Eddy has been physically incapacitated and unable to leave her room for a considerable part of three years, and that some one said to be Mrs. Leonard, was impersonating Mrs. Eddy in the carriage drives was already, from personal observations known to me to be false.

"Mayor Charles R. Corning drove out with me to Pleasant View. I sent a note to Mrs. Eddy asking that she be permitted to call on her, and the request was almost immediately granted. She arose and most cordially greeted the Mayor and myself, exhibiting no appearance of weakness or decrepitude, but a physical activity not ordinarily to be found in persons many years younger."

TINY BABE CREATS WESTERN HOSPITAL

Milwaukee, Oct. 31.—A son was born to William W. Plankinton. He is the first representative of the fourth generation of the family. If he survives the Milwaukee Hospital association will not receive any of the Plankinton wealth, estimated at several millions, as was provided for in the event of the death of the daughter and grandson. The will of John Plankinton, founder of the family, provided that in the event no heir was born before the death of the direct descendants the hospital was to get his entire estate.

THINNEST MAN IN WORLD IS BURIED AT RICHMOND, KY.

Richmond, Ky., Oct. 31.—William Vaughan, the thinnest man in the world, and known as the "living skeleton," was buried here today. Vaughan, who died Sunday at Long Beach, was 65. He was six feet five inches high and weighed less than 50 pounds.

CLERK EMERSON IS FINED TEN DOLLARS

Columbus, Oct. 31.—Lawson Emerson, clerk of the Supreme court of Ohio, this morning in police court pleaded guilty to the charge of drunkenness and was fined \$10 and costs. Formerly he pleaded not guilty but he changed his plea.

COUNT BONI

Frequently Struck His
Wife When Making
Cash Demand

Startling Declaration by the
Countess Today

DEMANDS ABSOLUTE DIVORCE

Several Instances of Infidelity are
Alleged But Names are Care-
fully Suppressed.

Paris, Oct. 31.—That Count Boni de Castellane frequently struck and slapped his wife during the scenes between the two when he made his oft repeated demands for money, was the startling declaration made by Countess Anna's attorney, Maître Cruppi, in the hearing of the countess' suit for divorce which began today. Other equally as startling revelations as to the unhappy lot to which the countess has been submitted during the years of her married life were made and the whole hearing promises to be sensational in the extreme.

Maître Cruppi opened the hearing by demanding an absolute divorce for his client and the custody of the children. He plunged into the story of the wrongs of the countess at the hands of her titled husband. It was Count Boni's constant practice, he asserted, when trying to extort money from his American wife, to strike and slap her.

A letter from Mrs. Millington Drake was offered by M. Cruppi showing that Boni's brutalities to his wife began three months after her marriage. Anna only bought peace by yielding her entire income to her husband.

The attorney produced another letter from Countess Anna in which it was shown that recently Boni, who held the purse strings, had allowed her only between \$60 and \$80 per month for her personal expenses. She begged him to raise this allowance to \$200 but he refused her gruffly.

Several instances of infidelity on the part of the Count Boni were detailed by M. Cruppi, but the names of the women concerned were suppressed.

It is the intention of the Countess Anna to remain in France after she secures her divorce and to rear her children here.

This statement was made to the court by M. Cruppi in her behalf, setting at rest the reports that once she were freed she would return to America.

LOGANSPOUT FIRE.

Logansport, Ind., Oct. 31.—Fire this morning caused \$100,000 loss to the wholesale carriage and harness factory of Thomas Myers & Co., and the wholesale leather business of Taylor & Co. The fire for a time threatened the new federal building, and the entire residence and business section of the city.

EXPRESS ROBBERY

Nashville, Tenn., Oct. 31.—An express robbery occurred yesterday on the Nashville, Chattanooga and St. Louis railroad between here and Chattanooga. The Southern Express company officials today admit the robbery, but refuse information as to the details. It is said the loss is as high as \$7,000.

RUSSIA'S NAVAL PLANS.

St. Petersburg, Oct. 31.—From reliable sources it is learned the Russian admiralty has determined to carry out its original program of naval reconstruction and enlargement, despite the fact that the condition of the finances of the country have compelled a curtailment of next year's naval appropriations by \$11,000,000. The plans of Russian imitation of Great Britain's Dreadnought, costing \$10,000,000 have been completed and the keel will be laid in the spring according to present intentions.

LAVIN NOT GUILTY.

Chicago, Oct. 31.—Patrick J. Lavina, inspector of police, charged by Chief of Police Collins with complicity in a jewelry robbery, was declared not guilty today.

SUMMIT STATION.

Elsie Beach of Columbus was the Sunday guest of William Greenwood and family. Her sister Lulu returned to Columbus Sunday evening.
The ladies aid society of the M. E. church will give a social and supper at McNaught's Hall election night.
Mrs. Roy Smith and son of Columbus are spending a few days with O. A. Rustler and family.
The Welsh Prize Singers and Miss Miller, reader, the first number on the lecture course, were at the M.E. church last Friday night. The audience was a large and representative one, the church being crowded. The singers have well trained voices and were fully up to expectations. Miss Miller was good in simple child-like pieces of which she makes a specialty. No dramatic selections were rendered. The entertainment was a success financially and otherwise. Over half of the seating capacity of the church has been sold in the way of season tickets. It is to be hoped that many will buy season tickets for the four remaining numbers in order to show their appreciation of such high-class attractions.

FAREWELL TO REV. A. E. JOHNSON

Former Newark Pastor Performed a Splendid Service for Church in California.

On Friday evening, the 12th inst., there was a farewell reception given to Rev. A. E. Johnson and family at their residence on Seventh street, says the *Sawelle, Calif., Sentinel*. A large number of the citizens and members of the M. E. church were present.
After singing a hymn the farewell address was presented by Dr. G. W. Peck, who said in part:
"A large number of us have gathered here to bid you farewell. You were sent to us about two years ago, and have labored for and with us in this branch of our Lord's kingdom, and we esteem it a privilege at this time, to assemble and express our appreciation of the great service you

have rendered in the development of this church."
"A number of us remember well the day when you first sat before us on the lowly platform of the little dingy old Mission house, but at that time there was a little faith—by the working of which the mountains were removed, and now behold the transformation!"
"Yes, you have succeeded in laying the foundations of a church which we hope, and have faith to believe will be a great monument to the glory of God."
Near the close of the evening's program, a beautiful silk quilt was presented to the pastor and his wife by the Ladies' Aid society. There were also presented to Rev. Mr. Johnson 12 large fine volumes of a work entitled, "Historic Characters and Famous Events of All Ages."
At the close of the exercises Mr. Johnson responded in an address filled with roaching expressions of regard for the people of Sawelle, thanking them and the church for their hearty co-operation and support.

A REASONABLE PLEA FOR THE STOMACH

11 Your Stomach is Lacking in Digestive Power, Why Not Help the Stomach Do Its Work—Especially When It Costs Nothing to Try?
Not with drugs, but with a reinforcement of digestive agents, such as are naturally at work in the stomach. Scientific analysis shows that digestion requires pepsin, nitrogenous ferments and the secretion of hydrochloric acid. When your food fails to digest, it is proof positive that some of these agents are lacking in your digestive apparatus.
Stuart's Pepsin Tablets contain nothing but these natural elements necessary to digestion and when placed at work in the weak stomach and small intestines, supply what these organs need. They stimulate the gastric glands and gradually bring the digestive organs back to their normal condition.
Stuart's Dyspepsia Tablets have been subjected to critical chemical tests at home and abroad and are found to contain nothing but natural digestives.
Chemical Laboratory, Telegraphic address, "Diffindo," London. Telephone No. 11029 Central. 20 Cullum St., Fenchurch St. E. C.

I have analyzed most carefully a box of Stuart's Dyspepsia Tablets, (which I bought myself at a city chemist's shop for the purpose) manufactured by the F. A. Stuart Co., Temple Chambers, London, E. C., and have to report that I cannot find any trace of vegetable or mineral poisons. Knowing the ingredients of the tablets, I am of opinion that they are admirably adapted for the purpose for which they are intended.
(Signed) John R. Brooke, F. I. C., I. C. S.
There is no secret in the preparation of Stuart's Dyspepsia Tablets. Their composition is commonly known among physicians, as is shown by the recommendations of 40,000 licensed physicians in the United States and Canada. They are the most popular of all remedies for indigestion, dyspepsia, water brash, insomnia, loss of appetite, melancholia, constipation, dysentery and kindred diseases originating from improper dissolution and assimilation of foods, because they are thoroughly regenerative of these tablets being strong Stuart's Dyspepsia Tablets are at once a safe and a powerful remedy. Liable and harmless to man or child enough (by test) to digest 3,000 grains of steak, eggs and other foods Stuart's Dyspepsia Tablets will digest your food for you when your stomach can't.

Ask your druggist for a fifty cent package or send to us direct for a free trial sample package and you will be surprised at the result. F. A. Stuart Co., 61 Temple Bldg., Marshall, Mich.

CLARENCE ORR IS TRANSFERRED

NEWARK'S CRACK SHOT GOES TO CINCINNATI JOINING FIRST REGIMENT.

Orr Is the Marksman Who Captured President Roosevelt Medal in Year 1903.

Cincinnati is to have in the ranks of its militia one of the crack shots in the state, according to an order just issued from the adjutant general's department. The command is that Sergeant Clarence E. Orr, Com-

pany G, Fourth Infantry, Newark, be transferred to Company M, First regiment, Cincinnati, to enter the ranks as a private. Sergeant Orr is a rifle shot of international reputation, and has won great honors at Seagriv shoots. He is the possessor of one of the President's medals, having taken first honor in the big hoot in 1903.

Horses Ran Away.
There was an exciting time and a
strenuous experience for a young lad
at the Ball fire on Buena Vista street
hill Wednesday morning. The team
attached to the hose wagon of No. 2,
after running to the fire, was left in
charge of a young lad, while the
firemen assisted in fighting the
flames. The boy accidentally touched
the hose with his foot, when the
horses suddenly sprang forward and
started at topmost speed for head-

quarters. The boy was plucky
enough, and held on to the lines, re-
sisting in stopping the horses be-
fore they had run over two hundred
yards.

INDIANS INTRENCHED.

They Are Not Painted Nor Dancing
but They Mean to Fight.

Billings, Mont., Oct. 31.—A tele-
phone message from Arvada, Wyo.,
states that the renegade Indians are
intrenched in a strong position to the
hills and that the Tenth and Sixth
cavalry corps are reconnoitering the
country preparatory to closing in on
them. Apparently the object of the
troops is to meet the Indians with a
display of superior force and thus se-
cure their surrender without blood-
shed. The Utes are determined not
to give in until compelled, believing
surrender will mean their return to
Utah, where they say they can not
secure enough to eat. The Utes se-
cured a large supply of ammunition at
Cheyenne and Gillette, and if the tem-
per of the leading tribesmen can be
taken as an indication they propose to
fight, or at least make a show of
resistance and secure concessions
from the soldiers pending an appeal
to Washington. The Utes are not
painted nor are they dancing. Advice
from Moorhead state that a panic is
on there and women and children are
being removed from the scene. It is
feared that in the event of a clash
between the soldiers and Indians, the
Indians will scatter and work ven-
geance upon the settlers. The ranches
are being converted into fortresses.

WRECK VICTIMS.
Coroner Contends That List of Dead
Is Not Yet Complete.

Atlantic City, N. J., Oct. 31.—The
contention of Coroner Gaskill that a
number of persons who lost their lives
in the electric train wreck on the
"Thoroughfare" bridge may be buried
in the mud where the cars plunged
was borne out when the bodies of
three women were recovered from un-
der the third car. This car hung from
the abutment in the center of the
bridge with its nose in the mud, and
when the workmen were trying to lift
it from the water the bodies worked
loose. The finding of these bodies
increases the official identified dead to
51 and the total number of bodies re-
covered to 54. There are now still
known to be among the dead four
more, which makes the certain num-
ber of dead in the wreck 58.

Coroner Gaskill says that he has
information which proves that the
number of passengers on the train
was at least 91, as originally stated;
that there were 76 through passengers
from Camden and 15 persons riding
on passes. A few got off at way sta-
tions, but more got on at Pleasantville
and other points. The investigation
Thursday which will be conducted by
the coroner promises to be of great
importance to this city and to the
Pennsylvania railroad. On the find-
ing of the jury and the result of the
investigation, the coroner says, will
depend whether the railroad will be
compelled to build a new bridge over
the "Thoroughfare."

The Young Widow.
SHE is modest, but not bashful;
Fried and easy, but not bold;
Like an apple-pie and mellow;
Not too young and not too old,
Half inviting, half repulsive,
Now advancing and now shy;
There is mischief in her dimples;
There is danger in her eye.

She has studied human nature;
She is schooled in all her arts;
She has taken her diploma
As the mistress of all hearts,
She can tell the very moment
When to sigh and when to smile
Oh, a maid is sometimes cunning,
But the widow all the while.

Are you sad? How very serious
Will her handsome face become!
Are you angry? She is wretched,
Lonely, friendless, fearful, dumb,
Are you thoughtful? How her laughter,
Silver sounding, will ring out!
She can lure and catch and play you
As the angler does the trout.

You old bachelors of forty,
Who have grown so bold and wise;
Young Americans of twenty,
With the love locks in your eyes,
You may practice all your lessons
Taught by Cupid since the fall,
But I know a little widow
Who could win and fool you all.

Had Pity For the Dog.
A traveler in the highlands observed
while at a tavern in a small village a
very beautiful collie. At his request
the owner was pointed out to him, and
he asked the man what he would take
for the dog.

"You'll be taking him to America?"
the Scot asked cautiously.
"Certainly, if you will sell him to
me."

"I no cou' part wiv Rob," the dog's
owner then said emphatically. "I'm
muckle fond o' him," and liberal
offers were no inducements.

To his astonishment the traveler later
saw the dog sold to a drover for half
what he had offered and after the
drover had disappeared, requested an
explanation. "You said that you could
not sell him," he remarked.

A twinkle came to the Highlander's
eyes.
"No, I didna say I'd no sell him—I

"Rob'll be hame in twa or three days
frae no, but I couldna ask him to swim
across the ocean. Na, that wou'd be

LEAGUE TICKET.

Court of Appeals Decides That It
Shall Go on the Ballot

Albany, N. Y., Oct. 31.—The court
of appeals handed down a decision af-
firming the right of the Independence
league of New York to make nom-
inations by mail petitions. The
court also decided in the judicial
nominations that a certificate
filed first had prior claim, and that
the Independence league had the right
to designate its own candidates.

The decisions were handed down at
11:15 Tuesday night, following a spe-
cial session of the court convened for
the purpose of hearing the appeal.

Engineers and Firemen.
With the object of minimizing the
emission of smoke from locomotives
of the B. & O. railroad, Mr. J. E.
Muhlfield, general superintendent of
 motive power, has issued new in-
structions to engineers and firemen,
intended to govern their firing and
operation. This will not only result
in an economical use of steam and
fuel, but the elimination of dense
smoke will largely contribute to the
comfort of passengers and the gen-
eral public, especially in passing
through cities, towns and other
thickly populated sections.

The company has been and is now
expending considerable money to put
the machinery, boilers, fireboxes,
flues, grates and other appliances of
locomotives in the most substan-
tial condition for service, and all ad-
justments or repairs that may be
found necessary must be promptly
and properly made.

The rules require that the fire must
be in good condition at the time the
locomotive starts out on a trip, the
large lump coal reduced to near the
size of a man's fist and freely sprink-
led with water before used. Mr.
Muhlfield says that the most suc-
cessful fireman are those who can main-
tain the working steam pressure with-
in the smallest amount of fuel and
least waste of steam.

"The Republicans failing to nominate a candidate known to stand for high moral ideals, can expect little else than defeat at the polls this fall. The promise to secure appropriations for a few public buildings will not bolster-up the INTERPERANCE AND IMMORALITY of any candidate."

—Wooster Herald.

T. B. Fulton's Candidacy for Judge.

It is worthy of note that as election approaches the people of this judicial district are viewing with such satisfaction that the election of Mr. T. B. Fulton for common pleas judge has such a prospect of assured fact. Still his friends and all who are interested in the election of a highly competent and upright judge should be diligent in securing for him all the votes they can. Before the polls close on November 5, Mr. Fulton is one of the ablest, safest and most successful lawyers in Central Ohio. He possesses a fine judicial mind and both as a lawyer and a man he stands for the greatest honor and integrity. That he is admirably well qualified for the office of Common Pleas Judge goes without saying. If elected he will discharge the duties and responsibilities of the office without fear or favor and with an eye single to the public welfare. In fact he will be an honor to the Common Pleas bench and a credit to the people of the entire district.

Hundreds of Licking county voters had their ballots thrown out by the judges at the last election because of errors in marking a "mixed" ticket. While there are two ways of voting a "mixed" ticket, this is the safe and sure way: place an X mark in the little square at the left of EACH name you wish to vote for.

When Congressman Burton spoke in Columbus the other evening, Chairman Dick, one of the "distinguished senators" who was endorsed "without reserve" at the Dayton convention where Burton fought the adoption of the resolutions including such endorsement, attended the theatre instead of

going to the hall where Burton spoke, and he refused to attend the banquet tendered to Burton. Still the Republican machine papers have been endeavoring to make it appear that there is harmony between the boss and the leader of the independent Republicans, and they are appealing to the followers of Burton to stand by Roosevelt and support the machine made ticket.

Numerous reliable reports are coming in from Licking township to the effect that T. C. Jury will not be able to poll the strength of his ticket in that township. This surely does not speak in the highest terms of Mr. Jury.

The people should have a representative in the Commissioners office, and they will have one if they vote for and elect George Tavener to the position.

SMYSER'S RURAL MAIL ROUTE FAKE

Ashbrook, the Next Congressman, is the Man Who Will Secure the Best Rural Mail Service for Licking County.

Martin Luther Smyser made great claims at the opening of the campaign as to the number of rural mail routes he had secured for the 17th congressional district. Licking county was especially named as to the number he claimed to have procured for its people.

It did not take long to expose the falsity of this claim, for the records show he did not get one rural route for Licking county. Investigation by the other counties places Mr. Smyser in a very bad light for making false claims. He is brought out, in the light of a comparison with the two former Democratic members of Congress from this district, Messrs. McDowell and Cassingham. These two congressmen secured for this district nearly 200 rural routes, while Smyser has not secured 10 all told.

Smyser having been caught out exposed in making these false claims, now resorts to promises of what he is going to do in the way of securing more rural routes and improving the rural route system. And this is the scheme that Smyser is now exploiting to work as farmers for their votes.

How many people can Martin Luther Smyser fool by the game?

The rural route mail service is purely a business project of the Post-office department and it is a well established fact that President Roosevelt does not tolerate partisan politics in any connection with it if he knows it.

Of course the personal efforts of an industrious, hustling, painstaking congressman like Mr. Ashbrook will be, familiar with the interests of farmers as he is, will be of advantage in securing what the people want. It goes without the saying that he far exceeds men of the type of Smyser in these qualities.

For this reason Mr. Ashbrook could be depended upon to secure very much better rural mail route facilities than Smyser could or would do. But the telling fact of the matter is that William A. Ashbrook is the man who will be elected to Congress from this district. He knows the needs of Licking county much better than Smyser does and has a very much greater interest in promoting those needs of this county. The business interests and welfare of the farmers of Licking county are identical with the business interests of Mr. Ashbrook. He is the man who can and will get the most rural mail routes and best rural mail service for Licking county, and he is the man for whom Licking county farmers should cast their votes.

Mr. Smyser refers the railroad men to Mr. Fuller, their legislative representative at Washington. And Mr. Fuller, who is perfectly familiar with Mr. Smyser's labor record, says that he (Smyser) is not entitled to the support of either railroad employees or any other class of workers. Now just let it go at that.

It should be borne in mind that the Republican state machine convention at Dayton adopted resolutions endorsing President Roosevelt and endorsing Senators Foraker and Dick "without reserve," and the delegates to that convention did it by order of the bosses.

IS THAT WHOLESALE ESCAPE OF PRISONERS "UNMIXED WITH GOOD?"

In all Licking county's history there has been but one wholesale jail delivery, and that one occurred on October 3, 1906, only a month ago. On one or two occasions there were escapes of one or two prisoners, but they were recaptured and brought back within an hour or two. But never was there a suspicion that there was a conspiracy or a collusion by which the prisoners escaped, or any grounds for such suspicion. And as on the former occasions there was always such alertness and activity in the Sheriff's office as to promptly run down the prisoners and bring them back to the jail, there was no demand for an investigation by the court. For these reasons the one or two former trivial occurrences were by no means parallel cases to the wholesale escape of prisoners of a month ago.

The manner of the escape of these prisoners has never been satisfactorily explained, and there are circumstances connected with the affair that never can be properly explained in any other way than by a thorough official investigation, which can only be done by an order from the Common Pleas court.

Then there is the important fact that not one of those escaped prisoners has ever been seen since. Whatever the standpoint or revisionist may think of the Dingley law involved in the exorbitant schedules, you will find a sensible man in either way who today asserts that the foreign sample of dense ignorance vanishes in its disappearance helped by brilliant Blaine, the idol of the Republican party. He sounded the bell of that idiotic proposition when he proclaimed for reciprocity. The lamented McKinley hastened the exit of the ridiculous theory in his ringing last words at Buffalo.

The Ohio State Journal of Columbus and the Dispatch of that city, both the property of a Republican and conducted in the interests of the Republican party say that the Republican campaign as conducted this fall by Bosses Foraker and Dick is one of hypocrisy. The Republican machine is convicted this fall in the court of public opinion upon the testimony of Republicans and Republican newspapers.

Does Smyser stand for Roosevelt, or does he stand for his old political chum, Foraker, who is now more afraid of the President's "greed of power" than he is of the trusts' "greed of avarice."

UNCLE SAM NEEDS 27,000,000 POSTAGE STAMPS EVERY DAY

Contract Calling For That Output Made With American Bank Note Company.

New York, Oct. 31.—An output of twenty-seven million postage stamps per day—one stamp for every third person in the United States—is called for by the contract just awarded to the American Bank Note company. This company printed Uncle Sam's stamps from 1847 to 1894; then the government bureau of engraving and printing was given the work, and every year since then Congress has had to come to its rescue with an extra appropriation to meet the deficiency incurred in the work of turning out the stamps in Washington.

For the last three years, previous to 1906, tenders were asked, but the bid of the government bureau was purely formal and was far below what a private concern could take the work for. The last Congress, however, under the post office appropriation bill, compelled the bureau of engraving and printing to put in a bid at not less than actual cost.

The result was that the Bank Note company underbid the government bureau by five and one-half cents on the large size stamps and by a smaller margin on the ordinary sizes. But so small a difference as one-one-hundredth of a cent per thousand will result in a big saving, especially in view of the fact that the government's bid included no item such as general salaries of administration, interest on investment of real estate, and such similar factors.

The American Bank Note Company had built up an extensive plant, employing thousands of workmen when the stamp contract was taken away from it in 1894. This plant is now engaged in turning out hundreds of millions of stamps and bank notes for Italy, Greece and many other European countries. It is, therefore, thoroughly prepared to take up the immense order from the United States government, the execution of which begins February 1, 1907.

Montreal (Can.) nationalists are preparing to erect the finest labor temple in North America. It will cost \$700,000.

Japan is building in her own shipyards 10 vessels, including two battleships.

Mr. Voter, are you one of the hundreds of Licking county men who had your vote thrown out by the judges last November? Many in attempting to vote a "mixed" ticket made blunders that caused the whole ballot to be thrown aside by the election officers. The one sure and safe way to mark a mixed ticket is to place an X mark in the square space at the left of each name for which you wish to vote.

If the forces at work upon those teeth of yours, the hardest structure in your body, can get the results they accomplish down in the inner and more delicate organisms? What of the stomach, the bowels, the brain and the nerves, subjected day and night to the most frightful tasks of digestion and assimilation of so-called "food," the carrying off of waste tissue and the supplying of vigor and action to the body? Are you doing anything to protect yourself?

Take away the cause! Use moderation and judgment in your demands upon your stomach, for there is the center from which all pain or soundness springs. It is the stomach that feeds the bones, the muscles, the nerves and the brain. If you feel your strength giving out and don't know the cause, your stomach will point it out. Undoubtedly you are giving it an ill proportioned or crammed diet.

Wheat and barley alone contain all the elements necessary to the normal constitution: muscle, heat, brain and nerve producers are found in the grain of wheat and barley in the exact proportion required for a robust body. Any variance from this diet means not only wasted energy but sure injury to some vital organ.

The natural food is Hardyfood—made of selected grains, combined in such proportions as will properly nourish the whole system.

Hardyfood builds bone and muscle, tempers the body, feeds the brain and settles and strengthens the nerves. It is good for the laborer and the office man. It builds up the tissues of the young and restores strength to the old.

Hardyfood is a delightfully pure and satisfying dish that the stomach looks forward to. You can't tire of Hardyfood because it can be served in so many different ways. Eaten dry, with cream and fruit juices it is delicious. Served hot from the oven or cooled as porridge, if desired, it is equally appetizing.

Cut down your doctor's bills and live normally. Try Hardyfood at your grocer's. It costs only a dime. Isn't it worth the price to get started right? Hardyfood at your grocers. 10 cents.

TEMPORARY DEFEAT FOR TOM JOHNSON IN SUPREME COURT

Washington, Oct. 31.—Mayor Johnson of Cleveland met temporary defeat in the United States Supreme court today in his street railway fight in Cleveland. Chief Justice Fuller today directed the clerk of the Supreme court issue to the City of Cleveland and the Forest City Electric railway a rule to show cause, within ten days, why a permanent injunction should not be granted, to prevent them from interfering with the Cleveland Electric railway, in its use of the street railway tracks. He also granted a motion for a temporary injunction. He suggested that the parties to the suit involving the right to the street railway franchises in Cleveland, he prepared to argue the case upon its merits at the expiration of the temporary restraining order.

Cleveland, O., Oct. 31.—Three cent fare becomes a reality in Cleveland at 11 a. m. tomorrow when the first car of the Municipal Traction company will be operated over the line by Mayor Johnson. The injunction prevents the company from reaching the center of the city but it is declared means will be found to do so soon.

APPLETON.

The ladies of the M. E. church will give a bazaar at the church next Saturday, November 3, all day. You may come in the morning if you wish as early as you like and you will be highly entertained. There will be quizzes to escort you around over our town taking the best of care while in the village provided you will agree to patronize them for dinner and supper, as both meals will be served somewhere in town that day. Then in the evening there will be an auction sale of fancy articles among which will be an elegant quilt. The public is cordially invited.

NEGRO WHO SHOT MARSHAL AT
FRANKLIN WELL FIXED FOR
COLD WEATHER.

Ruled Off Ticket--Phone Girls Fran-
tic--Luther League--Accidents.
--Horse's Bite Fatal.

Franklin, O., Oct. 31.--Mayor Mc-
Lane today made the following state-
ment: "At a meeting last night, at-
tended by 200 citizens, it was deter-
mined to investigate the character of
all negroes in town. Such as are good
citizens are not to be disturbed but all
trifling and lawless negroes must
leave. There will be no trouble. There
will be no effort to lynch White, the
murderer of Marshal Bashore yester-
day. The law will take its course. There
is little talk today of further
trouble though for a time last night
it was feared a race riot would re-
sult."

Franklin, O., Oct. 31.--A race riot
here following the killing of George
Basore, town marshal, by George
White, as telegraphed in these dis-
patches to the Advocate yesterday,
resulted in negroes being driven out
of town without being given time to
explain.

White was suspected of several rob-
beries at Carlisle, for which he was
about to be arrested by Basore. He
was with two colored women at the
time, one of whom escaped but was
subsequently arrested at Hamilton.
In suit cases White left at the trac-
tion station were found a dozen new
overalls and women's wraps.

White and the negro women were
at the traction station waiting to take
a car for Springfield. The officer
called White to the door and placed
him under arrest. Without warning
White drew a revolver and fired five
shots into Basore's breast, killing him
instantly.

It is learned that White is a paroled
prisoner from the Mansfield reform-
atory, where he was sent from Colum-
bus for shooting a woman.

Ruled Off the Ticket.
Columbus, O., Oct. 31.--The su-
preme-court decided that there will be
no election of a prosecuting attorney
this year in Hamilton county. The
mandamus petition of Isaac M. Jordan
asking the court to direct the board
of elections to place his name on the
ballot was dismissed on the ground
that there is no vacancy in the office.
No other questions involved in the
case were considered. Claiming that
a prosecuting attorney should be
elected this year the Democrats nomi-
nated Jordan. The Republicans made
no nomination.

Telephone Girls Frantic.
Youngstown, O., Oct. 31.--There is
still a possibility of a telephone strike
here. The regular operators at the
Central Union exchange were in hyster-
ics Tuesday afternoon when an-
other consignment of imported opera-
tors came from Cleveland reached town.
When several of the visiting operators
went into the exchange and attempted
to dictate as to how the work should
be done several of the regular opera-
tors became frantic and had to be
sent home in cabs.

Luther League.
Canton, O., Oct. 31.--In his address
to the Luther League of America
John L. Zimmerman of Springfield,
O., gave a history of the Lutheran
church of Ohio. The welcome address
on behalf of Canton was made by Dr.
John Hall and the response by Wil-
liam C. Stoeber of Philadelphia, pres-
ident of the league. President Stoe-
ber in his annual report emphasized
the need of Lutheran ministers. Chi-
cago and Richmond, Va., are seeking
the next biennial convention.

State Official in Trouble.
Columbus, O., Oct. 31.--Following
the arrest of Supreme Court Clerk
Lawson E. Emerson for alleged disor-
derly conduct, his wife, Laura L.
Emerson, filed suit in the common
pleas court for alimony and custody
of the two children. She charges in-
fidelity, gross neglect of duty and ex-
treme cruelty. Mrs. Emerson alleges
that her husband "is infatuated with
Miss Jeannette Darst and that he has
threatened to appoint the latter to a
clerkship in his office."

Sent to Workhouse.
Norwalk, O., Oct. 31.--Fred Peck
and Mrs. E. J. King of New London,
at the instance of Peck's wife, were
arrested at New London on a charge
of adultery. The mayor fined them
\$30 and costs and 30 days in the
Cleveland workhouse, and they were
taken to Cleveland at once.

All Bids Rejected.
Columbus, O., Oct. 31.--All bids re-
ceived for building a new grandstand
at the state fair grounds were re-
jected for being too high. The legislature
appropriated \$50,000 for the purpose
and the estimated cost was about
\$49,000, but the lowest of several bids
received was \$59,000.

Horse Bite May Be Fatal.
Hamilton, O., Oct. 31.--The bite of
a horse may cost the life of Herbert
Bell, a farmhand of Symmes Corner.
Two weeks ago Bell was bitten on the
left middle finger by a horse. Blood
poison ensued and he was taken to a
hospital in a very serious condition.

Congressman Mouser Out.
Marion, O., Oct. 31.--Congressman
Grant E. Mouser was able to be at
his office for the first time since his

present illness. Although still weak
he expects to attend Republican rail-
ies this week. The congressman re-
ceived a large number of callers.

Bill of Exceptions Filed.
Findlay, O., Oct. 31.--F. H. Tolles,
a Cleveland attorney, filed the Stand-
ard Oil company's bill of exceptions
in the suit just decided. It contains
578 typewritten pages, itemizing each
exception of the defense in the pro-
gress of the trial.

Indefinite Term.
Columbus, O., Oct. 31.--For the first
time in the history of the Ohio peni-
tentiary a convict was received to
serve an indefinite term. He is
Charles Oakley, sent up from Darke
county for assault with intent to kill.
He was behind the bars before, to
serve a year for cutting the throat of
a horse because the owner of it re-
fused him something to eat. He is a
tramp and murderously assaulted the
sheriff of Darke county while in jail
for breaking into a schoolhouse.

Rescued From Peril.
Port Huron, Mich., Oct. 31.--Cap-
tain William Somerville of Berlin
Heights, O., and daughter Kate, and
the crew of five men of the barge Che-
cotah, were rescued by the steamer
W. A. Payne on Lake Huron from an
open yawlboat in which they put off
from the barge when that craft be-
came waterlogged off Port Sanilac.
The seven people in the open boat had
been tossing around on the high sea
on Lake Huron an hour when rescued.

Mother's Revenge.
Cleveland, O., Oct. 31.--Mrs. H.
Feinberg, mother of the boy who two
weeks ago was subjected to a vigor-
ous trouncing by his schoolteacher,
Miss Cecelia Whelan, got her revenge.
She met Miss Whelan on the street
and with a strap administered to the
schoolteacher a whipping that was in
no wise second to that which Miss
Whelan dealt out to Mrs. Feinberg's
10-year-old son.

Fast Train's Mishap.
Lima, O., Oct. 31.--The eastbound
Wells Fargo limited express train on
the Erie road, while running at the
rate of 50 miles an hour, struck a
freight car in the yards here and
was partly derailed. Fireman A. M.
Lauman of Huntington, Ind., received
probably fatal injuries by jumping.
Seats were overturned in the forward
coaches but the passengers escaped
with only slight bruises.

Crossing Tragedy.
Kenton, O., Oct. 31.--William Reed,
a middle-aged farmer living near Ar-
lington, was struck by an Ohio Cen-
tral train while driving across the
track in a buggy with his son James
and instantly killed. His head was
cut off and his body otherwise mu-
tilated. The son was seriously injured
but will recover.

In Two Runaway Accidents.
Marysville, O., Oct. 31.--Dr. Ormal
Peters, 65, of Mt. Victory, was fatally
injured in a peculiar manner. While
returning from a late call his horse
ran away and threw him out. He was
picked up and placed in another
buggy, but this horse ran off and
crushed his breast and arms.

Boys Celebrating Halloween Did
Some Damage in the East End
of the City.

Young Americans were out en
masse Tuesday night to celebrate
"corn night," which, according to
the youngsters' interpretation of the
legend, always precedes the big cel-
ebration of Halloween.
There was much marking of win-
dows with soap and much throwing
of corn and other harmless objects.
The "dick-tacks" were working over
time, and the kids seemed to enjoy
themselves immensely.

Police circles received reports of
several minor offenses during the eve-
ning the most serious of which was
the overturning of buildings, men-
tioned in another column. A report
was also received that the telephone
wires leading into the Ellery grocery
on East Main street, were cut.

IN MUSIC'S REALM

The Newark Festival Chorus held the third rehearsal of the season Tuesday night when there were 30 members present. The chorus is now reconstructed and ready for the season's work. Prof. V. Raymond Nold was enthusiastically elected director of the Newark body.

The plans for the coming winter are on a much larger scale than those of last year which thoroughly aroused musical interest. Mr. Judson stated to the Advocate Tuesday evening that the big festival chorus of this year would be formed by the Newark and Granville singers numbering 150, and 50 voices from Pataskala with an orchestra of possibly 50 pieces.

Definite statements of the plans for the season, as to the works that will be given or the singers employed, are not as yet forthcoming, but such names as Schumann-Heink and such musical organizations as the Chicago orchestra and Demrosch's orchestra, are being heard in connection with the discussions of the prospects, so that it seems that this year's festival will not be necessarily a losing one.

A concert is now announced by the Newark chorus for December 13, when William Harper, who was heard here and met with such favor last year, will act as soloist. The chorus will be directed by V. Raymond Nold and will be augmented by the addition of several more voices. The chorus will hold another rehearsal in Trinity parish house on next Tuesday evening when 25 male voices are desired.

Plans for the spring festival will probably be announced in a very short time as they assume more definite proportions.

A new musical organization was formed by a number of the women of the city Tuesday night at the High School building, to be known as the Newark Women's Music club. Formal organization and election of officers did not take place but among the preliminary steps was the choosing of Prof. W. W. Nussbaum as choral director.

The new organization has for its purpose the study of the lives and works and style of interpretation of the various composers. There were about 25 women present at the first meeting Tuesday night and a membership of about 50 will probably be the limit decided upon by the club after the formal organization takes place. Choral work will be a feature of the study but the members state that the body is not organized for the purpose of giving concerts or recitals.

The Apollo club will meet for reorganization for the coming season's work on next Thursday night, when the arrangements and plans for the year will probably be announced by Director Nussbaum.

JOKE CANDIDATE
RUNS FOR OFFICE
IN STATE OF IA.

Eldorado, Iowa, Oct. 31.—All because of the thoughtlessness of one thousand Iowa voters the name of Andrew Townsend Hisey, of Tama, will go on the official ballot at the November election. An expense of \$5,000 will be incurred as the result and a huge joke has been worked on the Hawkeye state.

Hisey has lived at Tama for fifty years. He is an eccentric old man, taken by his neighbors as harmless and oftentimes called crazy. He has

ANDREW TOWNSEND HISEY

studied a great deal, has a fair education and has written a number of books on socialism. Last summer he stated that he was going on a lecture tour and a number of his acquaintances proposed to him as a joke to run for governor. This idea took deep root in Mr. Hisey's brain and he purchased a wheelbarrow, an old plug hat, got a long Prince Albert coat, and, with his wheelbarrow in front of him, armed with a thousand circulars started on his canvass for votes and for signers on his petition asking that his name be placed upon the official ballot.

That he was successful the people of Iowa now begin to realize, for the official announcement has come that Hisey's name will appear upon the ballot. The extra column, the extra work to get out the many ballots, the official publication in at least two papers in each county of Iowa will cost the state upwards of \$5,000. Notwithstanding all this trouble, Mr. Hisey still takes his candidacy seriously. Keeps on his strenuous tour, and taking up a "penny" collection at each place he stops, makes many acquaintances and proposes to fight in Chicago in case of his defeat for governor of Iowa, to organize the National Secular Government party with himself as the standard bearer and candidate for the presidency.

"SPLASH PARTY"

Didn't Come Off But the Wedding Did and Now Society Folks Breathe Easier.

Columbus, O., Oct. 31.—Robert Lindenberg and Miss Grace Woodworth, whose hopes for an ante-nuptial "splash party" in a Turkish bath house here as a sort of a thriller for the effete were rudely shattered were wedded last night at St. Paul's Episcopal church, and society breathes easier.

It was proposed that about one week prior to the gladness ceremony at the "choir" those specially selected to wait upon the groomsmen and his bride should take a dip in the wash house, but, as Mr. Lindenberg put it, "too much publicity has been given the thing in advance." Therefore the stunt was scratched.

One hundred guests attended the wedding last night, while half a dozen policemen kept vigil at the portals of the edifice lest the hot polloi burst in. Stationed at the home of the bride, where there were many costly presents, policemen stood guard also. After the wedding the couple left on a wedding trip, which may extend through Europe. Upon their return they will live at 23 Monroe avenue.

AMUSEMENTS

EZRA KENDALL TONIGHT.

For all we know Ezra Kendall who plays at the Auditorium tonight, might have been one of our famous composers, but he never got any further than his first effort.

"I had composed what I thought was a beautiful love song," said Mr. Kendall. "This is a great many years ago, and I was so enthusiastic about it, that I could hardly wait to take it to the young lady I was courting at the time."

"I rushed to her house, but she had gone shopping, and I knew she would not return in the evening, so I left it with her younger sister, with orders to give it to Jennie. Then I departed for home, dreaming of a successful musical career."

"When I returned the next day, I was greeted by the sister, who said, 'O, Ezra, that song you left with me was no good. I showed it to the goot and after looking it over, he ran away, and he is very fond of good music. He ate all the classical music we had last week.' I lost all ambition to become a song writer after that."

EZRA KENDALL'S SAYINGS.

Actors who live in glass houses should be polite to the critics.

Did you ever hear a married man try to tell a mother-in-law joke? He can't do it.

When you end a letter "Please burn this," post it in the fire place.

When in a restaurant never ask a waiter where your hat is. Pay your bill, and you'll get it.

The successful orator is the one who talks the most, but who knows when to keep still.

If you can't be a genuine philosopher you can at least keep still, and listen when the other philosopher tells you that misery is all right.

The best to remove ink stains—burn the spots out with a red hot poker.

To be continued at the Auditorium tonight, "Swell Elegant Jones."

TOMORROW NIGHT.

"Mary Tudor" in "When Knighthood Was in Flower," is one of Grace Merritt's most charming characterizations. It brings into clear relief all her best attributes as an actress (and they are by no means small). She passes with ease from the joyous spirit of irrepressible and care-free girlhood to the deeper note of the woman aroused by love to a subtler knowledge of herself and to some appreciation of the solemn meanings of life. She has never exhibited a merrier talent than that which she employs in exalting Mary's raging temper, and nothing that she has done in the way of comedy compares in effectiveness, variety and many-sided charm with this superb study of the Tudor princess. Auditorium tomorrow night, Nov. 1.

ORPHION THEATRE.

Last night's bill at the Orphion theatre was well attended and the performance pleased everybody. Pat-Clint and Clifton's comedy acrobatic sketch was well received. St. Julian the bag puncher, was great. His head balancing and pedestal dancing was marvelous. Gayler and Graff, sketch artists, do a comedy act that is very clever, judging from the applause they received. Harlam and Rollison the original musical grotesque artists do a musical act that is away from all others and made a big hit. They play several different novelty instruments and play them well.

THE MERRY MILKMAIDS.

This pretty operetta will be repeated by special request on Saturday night. Last Saturday the weather was so inclement that many who would have liked to come out were prevented, and have asked that the operetta be repeated. Those who were fortunate enough to see it last week pronounced it one of the best pieces ever presented by local talent. The opera is full of pretty songs, duets and marches, while the cake walk by the little ones was far ahead of that seen in many road companies put on by professionals. Popular prices will prevail and as it is for a worthy cause a full house should greet them. Tickets on sale by members or at the Auditorium box office Friday morning.

The easiest way to prepare a quick breakfast is to use Mrs. Austin's Pancake flour.

BROWNSVILLE.

Mr. John Caldwell of Adams Mills is visiting his brother, A. W. Caldwell and family.

Miss Ida Lamp of Columbus spent last week with her aunt, Mrs. William Kreager and family.

Mr. and Mrs. William Hamilton are guests of J. H. Bell and wife Sunday.

Clyde Harris has accepted a position as clerk in Zanesville.

Miss Julia Priest has returned home after a few weeks visit with friends at Hebron.

Mrs. C. I. Kreager and children are visiting her parents, Mr. and Mrs. Stone at New Lexington.

Mrs. D. C. Wiles is spending a few weeks with her daughter in West Virginia.

Mrs. Julia Holphrey and children of Utica are visiting her mother, Mrs. William Dary.

VANITY

From time immemorial moralists have railed at the vanity of woman. Here is a woman, and a beautiful one at that, who says that vanity is an imperishable instinct; that vanity, like love, is one of the great forces that makes the world go round; that to be vain is a duty to humanity and an essential of success.

It's an original view; what is *your* opinion? This defense of an old time sin is set forth in our new magazine—

HE HEALS ALL CURABLE CASES

The France Medical Institute established 1855. 10 years ago we have been making regular monthly visits to the principal cities of Ohio. Our long experience, remarkable skill, and great success entitle us to the full confidence of the afflicted. REFERENCE—East Bank and Landing Business Men of Columbus. "Men and women who had tried every other method and failed, but who were cured by our original method." When the real trouble is known that is one half the cure. Not a dollar need be paid unless you are absolutely satisfied in every particular that Dr. Weist will "cure" the affliction.

WHAT AILS YOU?

Throat, Lung, Nasal Diseases Catarrh, Consumption, Bronchitis, Asthma.

Heart, Blood and Skin Diseases Ulcers, Sores, Eruptions, Eczema.

Brain, Spinal and Nerve Diseases Epilepsy, Fits, Neuralgia, Sciatica, Headaches, Sleeplessness, Urinary, Brain, and Nervous Exhaustion, etc., etc., cured by our original method.

Rheumatism Our cure for Rheumatism is the most successful known to medical science.

Young and Middle-Aged Men who suffer from the effects of Nervous Debility may call with confidence.

Diseases of Women After years of experience we have discovered the greatest cure known for diseases peculiar to the sex. Painful Menstruation, Sterility, or Barrenness, Leucorrhoea, Puerperal, Ovarian and Uterine Tumors in the early stages, etc., positively cured by our method. Our treatment is perfectly harmless and easily applied. No humiliating exposure on examination. Try it, and you will exclaim like hundreds of others, "I feel like a different woman."

Rupture and Varicocele permanently cured without the use of the knife, truss or operation. Secure and correct as before taking treatment elsewhere.

Kidney and Bladder Diseases Bright's Disease, Diabetes, Enlarged Prostate, Frequent and Drizzling Urination. It costs no more to employ an expert than to risk our life with an inexperienced physician.

Stricture and all forms of disease of the urethra and prostate gland cured by our "Dilatator Bougie," a method of treatment without pain or detention from business.

Syphilis or Blood Poison cured without use of injurious drugs where others fail.

Not necessary to attend expensive sanitariums, Hospitals, or Health Resorts; our medical treatment can be taken and applied at home. Each person desiring medical treatment to our visiting physician or at the home office would bring from two to four ounces of urine, which will receive careful chemical and microscopic examination. Consultation and Examination free and strictly confidential. No names published without written consent.

Not a PENNY is paid by you if nothing is done for you. RESULTS COUNT; NOTHING ELSE. You get satisfaction, you get cured or you "GET NO MORE."

CHIEF SHERIDAN AS ART CRITIC

SEVERAL OBJECTIONABLE PICTURES ORDERED OUT OF PENNY ARCADE.

Complaint Filed With Mayor Because Small Boys Were Allowed to View Pictures.

Chief Sheridan is posing as an art critic. This may be news to his many friends, but such is the case. It all came about by the advent of the Penny Arcade which has located on the West Side. This place of business has brought forth a storm of protest from the good citizens of the town who declare that the pictures and post cards displayed, are obscene.

Several days ago, the chief visited the arcade and ordered a large number of postal cards taken from the racks and gave strict orders that these particular subjects should not again be offered for sale.

Right there is where some authorities differ. The officials in larger cities, Cleveland, Columbus and the like, have been up against the same proposition, and it is still doubtful just how far the ban of the police should extend. Some of the pictures show subjects clad in a "mask and a comb," and these are alleged to be copies of famous art productions which are on display in various art galleries over the country.

Chief Sheridan holds that the people of Newark, taken as a class, have not been educated to appreciate this class of art and hence his decision against them. It is not the post cards, however, that cause the most of the criticism. There are pictures machines which display pictures of more or less objectionable subjects. Several of the machines are really objectionable. The chief says he has not investigated the picture machines but did order the post cards out.

One of the complaints made to the mayor was that the place was open Sunday night and that young boys were permitted to view the pictures. The mayor holds, however, that as long as no admission fee is charged it is hard for the city officials to order the place closed. Of course, if it is decided that the exhibition of pictures is immoral, these can be ordered out. The majority of the machines offer nothing objectionable.

BOYS, TAKE NOTICE.

Eleven more boys, mostly under the ages of 15 years, were arrested Wednesday for disorders in East Newark Tuesday night. They will be given a hearing this afternoon. It is probable that others will be arrested before night and the police will keep them locked up so they will be out of mischief tonight.

Extra policemen will be on duty tonight and the boys are warned not to commit Halloween pranks.

HEBRON WEDDING

Friends Surprised by Marriage of Mrs. Mollie Adkins and Mr. Freeman of Mt. Vernon.

Hebron, Oct. 31.—Hebronites were greatly surprised on learning of the marriage of Mrs. Mollie Adkins widow of an old soldier of the Civil war, the late Caleb Adkins, to Mr. Freeman, a middle aged man, of Mt. Vernon, the happy event taking place on Saturday evening, October 26, at the home of the bride on North street. The ceremony was performed by the Rev. T. N. Madden and was very impressive.

The bride wore a becoming suit of grey. After congratulations to Mr. and Mrs. Freeman the evening was very pleasantly spent in social chat. The bride is highly respected here and has many warm friends. On Sunday Mr. and Mrs. Freeman made their first appearance at Church of Christ, of which Mrs. Freeman is a faithful member, and many warm greetings smiles and good wishes for future happiness were bestowed upon the happy pair. On Monday evening they were given an old time belline. Tuesday they left here for their new home in Mt. Vernon. Mrs. Freeman was the recipient of many beautiful presents from the following, who witnessed the ceremony: Mr. and Mrs. Pendleton, Mr. and Mrs. S. H. Rosebrough, Mr. and Mrs. J. C. Noel, Mr. and Mrs. Newton, Dr. V. M. and Mrs. Samuel LeCone, Mrs. Clarence Davis of Newark, and Miss May Davis.

MONSTER GAS WELL NEAR HEBRON DRILLED MONDAY

Hebron, Oct. 31.—One of the best gas wells in the United States was struck just a mile west of town Monday, with a flow of fourteen and one-half million feet per day. The Columbus Gas company also has another good well a little nearer here on the Rev. Chaney farm one-half mile from town.

MRS. ELLEN FOSTER

Detailed by Government to Investigate Condition of Women and Child Workers.

Washington, Oct. 31.—By direction of the president Mrs. J. Ellen Foster was detailed from the department of justice to investigate the condition of women and child workers throughout the country. Legislation on this subject is pending before congress. Mrs. Foster went to the Philippines with the Taft party and represented the United States government at the international Red Cross conference in St. Petersburg.

DIRECT

From the Arms of New Made Bride Lundstrom Was Taken to the Operating Table.

Boston, Mass., Oct. 31.—"The Fatal Wedding" had a new stage setting in Ward P of the City Hospital Monday night when Oscar A. W. Lundstrom, 26 years old, was married to Miss Gerda M. Anderson, 23 years old.

Lundstrom had been admitted to the hospital four days before, and the doctors diagnosed his ailment as appendicitis, and ordered an operation. Lundstrom was fearful of results and sent for his fiancée, whom he was to marry in January. She readily consented to the ceremony being performed at once, and went personally to the city hall and got the license and secured a minister.

The ceremony was performed in the hospital ward, a large screen being placed around the sick man's cot. Lundstrom was taken to the operating ward immediately after the ceremony, after kissing his bride an affectionate good-bye. It was their last embrace. Lundstrom died four hours later from the effects of the operation.

NEARLY DEAD WHEN FOUND.

St. Louis, Oct. 31.—Emaciated from hunger and almost dead from fever and exposure, John Ayers, who claims Toledo, Ohio, as his home was found last night in an empty box car in East Madison, Ill. Relatives were notified. He did not know how long he had been in the car.

GOLD MISSING FROM THE BOX

MYSTERY DEVELOPS THROUGH FILING OF ROEDEL WILL IN ZANESVILLE.

Relatives Are Deeply Concerned Over the Situation and Mrs. Christina Sturz is Sick.

Zanesville, O., Oct. 31.—The relatives of the late Mrs. Ernestine Roeckel who died at her home in this city about two months ago, are deeply concerned over a situation that has arisen since the filing of her will for probate. In her will Mrs. Roeckel disposed of her large estate by dividing it equally among her relatives, and it is learned, also provided that Mrs. Christina Sturz of this city, should have the gold in the box in which she was known to keep her valuables. It was not stated how much gold there was in the box, but Mrs. Roeckel being quite wealthy, it was naturally believed that a considerable sum of money would be found in it. This view was further emphasized by the fact that while Mrs. Sturz was a favorite relative of the deceased she had not fared as well as the other heirs in the cash distribution under the terms of the will. The box referred to was found and when opened it was empty. Mrs. Sturz was taken ill last week, and by many her illness is attributed to worrying over the mystery.

THE KING'S DAUGHTERS

(Continued from Page 1.) It is usual for large families to have reunions and all of the sons and daughters come home to spend the glad time together, so we count our annual convention as our annual reunion and we want every member of the family to feel the welcome home and to be sure that while you are in our homes they are yours indeed. As is usual on such occasions, a feast has been prepared, for we have with us those who will give us "food for thought."

"The good we shall receive from

this feast cannot be established. We are sure none of us will be willing to lose any part of it.

"So now—once more—let me say, in behalf of The King's Daughters and Sons of Newark, I welcome you to our city, our homes, and the feast which is prepared for us all."

This address was responded to with the most appropriate and appreciative remarks by Mrs. Waller of Cleveland, who was called upon to respond owing to the absence of Miss Annie Etzensperger of that city.

The reports of the various state officers were followed by the general discussion of the possibilities of country and village circles, which was led by Mrs. Anna Cabbage of Alexandria, O.

MISS AMANDA BOND, Toledo, Dear of the Summer School of The King's Daughters.

was carried on on the subject of the school being led by Miss Amanda Bond of Toledo.

Wednesday afternoon the devotion was conducted by the Rev. H. Newton Miller, pastor of Central Church of Christ. This session was by far the most interesting yet held. A very able address was delivered on the subject "Home" by Mrs. R. L. McLaurin of Mississippi. Mrs. McLaurin is the daughter of the governor of Mississippi and in the style of her talk exhibited the inherited ability and force of her distinguished father.

Following the address by Mrs. McLaurin, Mrs. R. J. Reed of West Virginia conducted the "Quiet Hour," after which the convention was adjourned for the afternoon.

Many of the delegates took dinner with the ladies of the Plymouth Congregational church, who are serving meals throughout a part of the convention week to the visitors.

The program arranged for Wednesday night will take place in the auditorium of the church and will begin with a short organ recital by V. Raymond Nold, organist at Trinity. The devotions will be conducted by the pastor of the church, the Rev. Jos. A. Bennett. Music will also be furnished by a competent soloist. Possibly the event of the evening will be the address of H. H. Shirer, secretary of the State Board of Charities, who will speak upon the subject of "Associated Charities."

The program for Thursday morning and afternoon are appended and will probably be observed with very few changes.

ARCHIE S. WHITE HOLDS OPTIONS

FORMER NEWARK MAN CONTROLS GAS AND ELECTRIC CO'S AT CLEVELAND.

Same Financier Negotiated the Deal for Cincinnati Gas and Electric Properties.

Cleveland, O., Oct. 31.—It is learned here that A. S. White, the New York financier who negotiated the deal for the Cincinnati Gas and Electric property, has secured options on controlling interests in both the properties in this city and that these will soon be exercised. The companies here are the People's Gas company and the Cleveland Gas Light and Coke company. It is reported that these will be consolidated into one big concern. Mr. White is a former Newark, Ohio, man.

BALL RESIDENCE NOW IN RUINS

BRICK STRUCTURE ON BUENA VISTA STREET HILL BURNED WEDNESDAY.

Blaze Originated From a Defective Flue—Firemen Fought for Three Hours.

As a result of an early morning fire the handsome brick residence of Mrs. Amy Ball, widow of the late Joseph Ball, located on the top of Buena Vista street hill is in ruins. Shortly before six o'clock Wednesday morning, Mr. Allen W. Ball, who makes his home with his step-mother, Mrs. Amy Ball, arose and after building a coal fire in the stove in the kitchen started for the business portion of the city. Shortly after he had left the house Mrs. Ball, who is past eighty years old got up from her bed only to find the house in flames. She immediately found her way to the outside of the building and one of the neighbors sent in the alarm to the fire department. The Central and East End departments immediately responded and although they made a quick run when they arrived on the scene, the entire interior of the house was in flames. A large number of people residing in the immediate neighborhood had hurried to the fire and by swift work had succeeded in saving the greater part of the most valuable furniture.

Although the firemen worked hard and unceasingly it was fully three hours before they finally succeeded in drowning out the fire which had consumed nearly every bit of inflammable material in the house. The building was one of the most substantial in the city, and was finished throughout with the finest material. It is said that it could not be replaced for less than seven or eight thousand dollars. It is understood that the house and contents are insured. The fire originated from a defective flue.

INFERNAL MACHINE EXPLODES IN SHED B. & O. MAN HURT

Akron, O., Oct. 31.—An infernal machine exploded last night in a shed near Andrew McIntosh's house. McIntosh, who is an engineer on the B. and O. railroad, narrowly escaped being killed. He was badly burned on the face and hands and a bullet lodged in his head. Enough dynamite was found in the shed to blow all the surrounding houses off the earth. That the stuff failed to explode is one thing that cannot be solved. The police are working on the theory that an attempt was made to assassinate McIntosh. The infernal machine was made of a box eight inches square. In the box was a revolver. To this trigger was attached a wire. This wire extended to a lid in the tool chest to which it was fastened. When the lid of the tool chest was lifted the explosion followed. McIntosh is 40 years old and is married.
